Home: Pakarab Housing Society, Ferozepur Road, Lahore, Punjab, Pakistan, 54600
Lahore (Pakistan)

PROFILE SUMMARY

Experienced Frontend Angular Developer with 5 years of specialized experience in crafting exceptional user interfaces using Angular and TypeScript. Proficient in translating complex design concepts into elegant, responsive web applications. Deep understanding of frontend architecture, state management, and API integrations. Committed to delivering high-quality code and driving seamless user experiences. Enthusiastic about continuous learning and contributing to collaborative, innovative teams focused on delivering top-tier digital experiences.

CAREER TRAJECTORY

Senior Software Frontend Developer

Introtech Solutions [01/01/2022 - Current]

City: Lahore

Roles and Contributions

- Lead a team of developers in designing and implementing scalable and performant Angular applications, driving the adoption of best practices and ensuring consistent code quality.
- Architect robust frontend solutions, integrating complex user interfaces with RESTful APIs, and enhancing user experiences through intuitive designs and smooth interactions.
- Mentor junior developers, conducting code reviews and knowledge-sharing sessions, resulting in skill development and an empowered team delivering high-quality software.
- Collaborate closely with cross-functional teams including UX/UI designers and backend engineers to define requirements, troubleshoot issues, and deliver feature-rich applications on time.
- Spearhead the migration of legacy applications to modern Angular versions, optimizing codebase and refactoring for improved maintainability and enhanced application performance.

Tools & Skills

Angular 16, JavaScript, TypeScript, Angular Material, Angular Flex, Chart JS, RXJS, HTML5, SASS/SCSS, CSS3, GIT, Azure DevOps, Swagger, Karma, Jasmine, JMeter, Java Spring boot, Maven, MySQL, VS Code, Intelli J

Frontend Developer

Introtech Solutions [01/10/2020 - 31/12/2021]

City: Lahore

Roles and Contributions

- Developed and maintained responsive web applications using the Angular framework, translating design mockups into interactive, pixel-perfect user interfaces.
- Collaborated with cross-functional teams to implement frontend features, ensuring seamless integration with backend services and APIs for data retrieval and manipulation.

- Implemented efficient state management using RxJS observables, enhancing application performance and user experience through real-time data updates.
- Actively engaged in continuous learning and skill enhancement, staying current with industry trends and contributing innovative ideas to improve development processes.
- Participated in code reviews, conducting thorough analysis to identify and address code quality issues, resulting in improved codebase and reduced bugs.

Tools & Skills

Angular 14, JavaScript, TypeScript, Angular Material, Angular Flex, Chart JS, RXJS, HTML5, SASS/SCSS, CSS3, GIT, Azure DevOps, Unit testing karma jasmine, VS Code

Junior Frontend Developer

Amigo Software Limited [01/06/2019 - 09/2020]

City: Lahore

Roles and Contributions

- Contributed to the development of interactive web applications using Angular, collaborating with senior developers to implement frontend features and enhance user experiences.
- Assisted in optimizing application performance by implementing responsive designs, code refactoring, and efficient data rendering techniques.
- Actively participated in team discussions and code reviews, offering insights and suggestions to improve code quality, maintainability, and overall project delivery.
- Supported the integration of RESTful APIs, ensuring seamless communication between frontend and backend systems for data retrieval and updates.
- Engaged in continuous learning and professional development, exploring new Angular features, libraries, and best practices to enhance skills and contribute to project innovation.

Tools & Skills

Angular 8, JavaScript, TypeScript, Bootstrap, jQuery Angular Material, RXJS, HTML5, SASS/SCSS, CSS3, GIT, VS Code

TECHNICAL PROFICIENCIES

Advanced Skillset:

TypeScript, JavaScript, jQuery, Angular, RXJS, Angular Material, Bootstrap, Angular Flex, Chart JS, HTML5, CSS, SASS/SCSS, GIT, Unit Testing, HTTP Client, Version control

Intermediate Skillset:

Java Spring boot, Maven, Redis, node JS, PHP, Laravel, REST API, XAMPP, WAMP, JMeter, MySQL, Microservices, Jasmine, Karma

PROJECTS

Human Resource Management System

This project is developed using PHP/LARAVEL, It is aimed to develop a cost-effective HRMS for small organizations, to make their departments automated, and to make their data consistent.
